Description of Assignments

Set-up and Put Away

The den and its parents are responsible for the physical arrangements for the meeting. This includes coming early and setting-up the meeting site, providing an adult "Lounge Lizard" to watch youngsters who arrive before the start of the gathering activity, and returning the site to the original condition after the meeting.

Refreshments and Clean-up

The den and its parents are responsible to provide a refreshment after the meeting, and for the clean up of the facility. Refreshments should be appropriate for youngsters late in the day, so limit the sugar!

Gathering Activity

Some den members will greet the arriving Cubs, families and guests. The greeters will direct everyone where to sit, and they introduce the Cubs to a quiet activity that will keep them busy until the meeting begins. Active games and outdoor activities are not what we want. We want brain teasers or craft projects related to the monthly theme -- things that will occupy a Cub's mind and hands for 15 to 20 minutes.

Opening Ceremony

Provide a ceremony that includes either the Pledge of Allegiance or the National Anthem. Remember to practice!

Song

New or old, Cubs should rehearse for best results. Have printed lyrics for the den, and for the audience if it is a new song.

Skit

Rehearse your skit! The skit can be a pantomime, puppets, vaudeville-type skits, or action with a narrator (pick the best reader!) Remember KISMIF (Keep It Simple, Make It Fun!) -- long set-up requirements tend to make the meeting drag!

Den's Choice

A song, a skit or a demonstration -- it's up to the den!
